A TRIBUTE

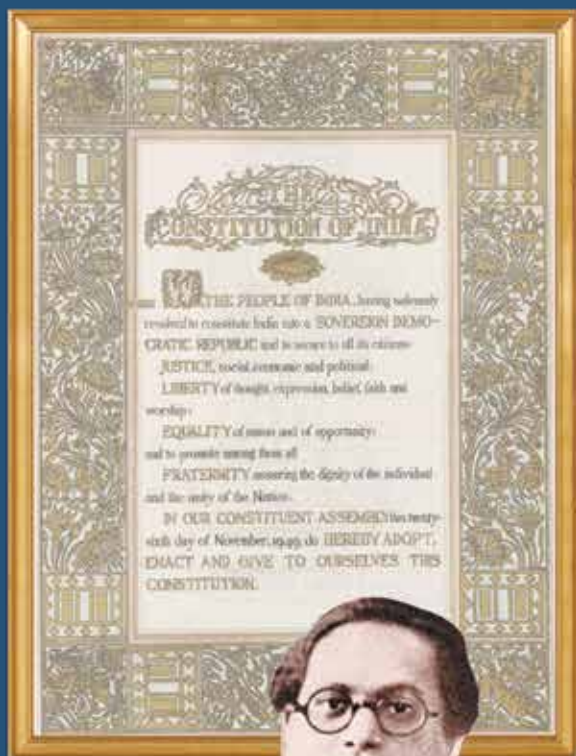

Dr. B. R Ambedkar *Architect of Indian Constitution*

Born on April 14, 1891 into a Dalit family Babasaheb Ambedkar as he became popularly known later, pursued his academics across premium Institutions in India, the USA and UK. His legendary erudition in many subjects made him a prominent jurist, economist, political leader and a social reformer who commanded profound respect.

In 1947, when India became independent, the first Prime Minister Pt. Jawaharlal Nehru, invited Dr. Ambedkar, who had been elected as a Member of the Constituent Assembly from Bengal, to join his Cabinet as a Law Minister. He was unanimously chosen to lead the committee entrusted by the

Constituent Assembly for drafting the Constitution. In February 1948, Dr. Ambedkar presented before the nation the Draft Constitution which structured the legal system of Independent India. It was adopted by the Constituent Assembly on November 26, 1949 and came into effect on 26 January 1950. It is the longest written constitution of any sovereign country in the world, containing 448 articles in 25 parts, 12 schedules, 5 appendices and 98 amendments (out of 120 Constitution Amendment Bills). In October 1948, Dr. Ambedkar submitted the Hindu Code Bill to the Constituent Assembly in an attempt to codify the Hindu law.

Dr. B.R Ambedkar, throughout his political life, fought against the tyranny of casteism that he along with millions of people in the country was subjected to due to their birth.

Importance of the study of law has never been questioned, although the efficacies of the laws prevailing in this country and that of our legal system have been questioned by many, a number of times. In order to have a good legal system and, to establish and preserve the Rule of Law, we need good lawyers and, in order to produce good lawyers, we have to have a good system of legal education. A lot is there to be done to improve the quality of legal education in this country. It is a huge task, and it requires collective efforts of all concerned to improve the quality of legal education as a whole. A Law College can simply try sincerely to impart meaningful legal education into students and to allow them sufficient space and scope for growing into competent lawyers.

At Heritage Law College, we assure students of all sorts of help in understanding the laws, the basic principles of laws and the scope and their areas of application. A good library and access to almost all the leading law journals would supplement the classroom teaching.

We sincerely hope that the period of their learning at the College may remain as a fond memory to be cherished for the rest of their lives.

WELCOME MESSAGE

The cosmography of the legal universe is incessantly changing. At Heritage Law College, change is the only constant. Our students are our precious assets. At our College, as a Principal/ Director, my priority is to meld lessons in adjudication with academic zeal. Our Heritage Law College has witnessed many a discourse delivered by the keenest minds in the legal profession and the best of law teachers. My dream is to elevate Heritage Law College to international standards. I believe that at this College, we are teaching the future Trustees of the Constitution of India. Our strongest points are our dedicated Faculty members, our cornerstone library along with a vibrant atmosphere of debate and deliberation not only through class lectures but also through seminars, conferences, symposia and workshops. I am striving hard to make the métier of Heritage Law College soar to the highest levels. The atmosphere in a law court or a Tribunal is always adrenal. The quality of life that citizens live in any country depends on a large scale upon its lawyers. Among our students, with my experience of more than three decades, I discern possibilities of future Supreme Court and High Court Judges, Senior Advocates, Judicial Officers and wise counsels. My task now is to ensure that alumni of this sacred College are blessed with hermeneutic and heuristic legal education. I want to see the alumni of this excellent college dominate the Courts, the academia and all branches of the legal profession in India within a few years. I also feel committed to the parents who admit their children in our College with stellar dreams. For this, I seek all of your blessings.
